

## DELUX'FOAM

### Liquid soap for hands

- Gentle formulation of natural origin, kind to the epidermis
- Leaves skin smooth, soft and lightly scented
- Suitable for frequent use
- Allergy- and allergen-free

#### **Packaging**

Fitted with a screw-on pump with an additional removeable safety clip, preventing an accidental or uncontrolled leakage.

Economy and efficiency : The pump delivers a creamy foam that is pleasant to wash with. The dose is 0.4 grams. The high content and synergy of the surfactants give the formula efficient hand cleaning properties and easy rinsing.

#### **Environmental data**

- 100% recyclable, recycled cardboard
- Rapid degradation of the formula in land and aquatic environments
- Foam pump: Less waste and saves water
- 100% recyclable HDPE bottle
- Non-irritant formula (study on skin compatibility assessment)
- Distribution system suitable for:
  - aircraft toilets (adapted holder)
  - any type of location where washing hands is necessary

#### **USE**

Put a dose of foam in the palm of your wet hand, rub your hands together and then rinse with clean water. Pat dry using a hand towel.

Ergonomic pump system. Distributes one 0.4-ml dose with each press. Allowing for 600 washes.

#### **COMPOSITION**

Lauryl ether sulphate, cocamidopropyl betaine, moisturising agents, fragrance, preservative.
