Ki-ose³⁹⁰ Single Wipe

Code AR0006577

Dual Use High Efficacy Disinfectant Wipe for Hands & Surfaces

DESCRIPTION

Ki-ose³⁹⁰ Single Wipe is a unique convenient dual use antiseptic wipe for the disinfection of both hands and surfaces. Dermatologically tested and efficient disinfectant, Ki-ose³⁹⁰ Single Wipe has been specially designed for the use by cabin crew during the flight. It is used by cabin attendants for many applications in galleys (surfaces in contact with food), all surfaces on trolleys, in lavatories and in the cabin, and to then also finally sanitize their own hands. Ki-ose³⁹⁰ Single Wipe is also used by passengers or incorporated on meal trays. Ki-ose³⁹⁰ Single Wipe is safe for use on skin and will not harm or damage fabrics, plastic, metals, rubber or other surfaces.

FEATURES & BENEFITS

- Dermatologically tested – safe for use on skin
- Antiseptic solution for fast hand antiseptis and disinfection of small surfaces and equipment.
- 130 x 150 mm non-woven spunless wipes, will not tear
- Very light floral fragrance
- Ready to use single sachets
- Kills 99.99% of most of harmful bacteria, viruses & fungi, (see efficacy tests below)

APPLICATION

Ki-ose³⁹⁰ Single Wipe is a unique dual use wipe specially adapted for the cabin crew and passengers for sanitizing and disinfection:

- Of hands and skin for good hygiene in all circumstances, before meals, after interventions in the toilets, after food service.
- On all surfaces such as galleys, trolleys, toilet seats, passenger seat trays...

Use biocides with caution. Before use, read the label and information concerning the product.

DIRECTIONS FOR HANDS:

- Rub hands with the wipe for at least 30 seconds. External use on healthy skin only

DIRECTIONS FOR SURFACES:

- Rub the wipe on surfaces to be cleaned and disinfected. Do not rinse.
