

KI-GUM

Chewing-gum remover

APPLICATIONS

- KI-GUM is used to remove chewing-gum, sugar and other sweets.
- It does not leave stains and does not harm the surfaces treated.

APPROVALS

- KI-GUM is referenced in many airline companies.
- KI-GUM applied on the carpets does not damage the fireproofing treatment.

USES

KI-GUM is a powerful cleaning agent.

Easy to use with its capillary tube fitted to the spray, spot the stain to remove immediately; reacts to the substance and becomes harder. Brush and remove with a vacuum cleaner.

CHARACTERISTICS

- The can:
 - One-piece aluminum can
 - Pressure under the can 12 bar
 - resisting to 18 bar pressure
 - Expiration date printed on each can
- KI-GUM conforms to the Environment Standard
 - CFC free propellant
 - NONFLAMMABLE
 - Contains fluor
 - Can be used on any surface of aircraft.
